Em-Four Pty Ltd

Em-Four Pty Ltd is a Registered Training Organisation that specialises in local government compliance, investigation and enforcement training. We are accredited by the NSW Vocational Training and Education Accreditation Board (VETAB) and Commonwealth *Department of Education, Science and Training (DEST)* to deliver this course nationally. Further details of our nationally accredited training (RTO No. 90936) are available at www.ntis.gov.au.

Who Should Undertake this Course?

Research indicates that a significant portion of law enforcement that traditionally was the responsibility of state police agencies is now being handled by local government, other state government departments and the private sector. This includes management of road use in local government areas.

This is an ideal course for local government enforcement officers and others whose work involves the investigation and prosecution of heavy vehicle offences. Our use of nationally recognised experts in traffic management, planning and enforcement provides an unsurpassed degree of expertise in the area. The course does not deliver training involved with the stopping of heavy vehicles, avoiding the ensuing risks inherent in this action. Rather, it emphasises the investigative process and collection of evidence to enable successful prosecution of offences against local government traffic management.

Why Complete this Course with Em-Four Pty Ltd?

Our integrated problem solving approach is used to encourage participants to develop innovative solutions to the challenges that they confront in their work in local government Traffic Enforcement and Heavy Vehicle Compliance. This course gives you the opportunity to practice and apply your knowledge in the class room and the real world. Our course is an ideal blend of theory and practice.

The Mock Court and Brief Preparation components of the course are second to none.
